Dear Shri Sinha,

I must compliment you and your Organisation for the "Energy Conservation" Initiative taken by you in the state of Bihar through harnessing the rich solar potential of the state.

The solar lamp from SAIJA family is a very thoughtful gift that will remind us of the need for such Initiative in the country and the world.

I congratulate your team for all the achievements, and wish you a bright, successful and very fulfilling 2012.

With regards,

Yours sincerely,

(R. V. Verma)
